Tony Coleman gives the Saturn kit in the Nashville B.B. King's a workout.

This summer, Mapex drums has become the exclusive provider of drum sets on the stages in all B.B. King Blues Club locations. B.B. King's has currently has established popular Blues clubs in Memphis, Nashville and Los Angeles. A new club in Orlando, Florida is scheduled to open in Summer 2007.

"We're proud to be associated with B.B. King's," said Joe Hibbs, Mapex's A&R man. "The clubs have earned a fine reputation for showcasing extraordinary talent and we're very happy that a Mapex drum set will grace these stages."

Additionally, renowned drummer [Tony Coleman](#) has joined the Mapex roster of artists. Tony is the Music Director for B.B. King's Blues Clubs and band leader of the Nashville-based house band.

"The Mapex sets are fantastic," says Tony. "They look as good as they sound. Mapex is the perfect fit for us here at B.B.'s."

Coleman was B.B. King's touring drummer for a decade before he launched his own solo career. He also frequently sits in with good friend and living legend, Willie Nelson.

Mapex is setting up fully-loaded [Saturn](#) setups in all the club venues and so far the performers have been very impressed. Tony explains, "With the level of talent that comes through our clubs, it's very important that we provide the players with the best instruments possible. The Mapex gear has performed beyond our expectations."
